

ASE Class Descriptions

Celebrations From Around The World

There are many special celebrations in autumn and winter around the world. We will celebrate these and learn a little of the stories behind these special days.

Chess

Come play Chess “the game of Kings” in this fun and exciting class! Learn how to play the opening, discover new and exciting tricks. Gain the skills needed so you can beat your parents! Each week we’ll review different strategies, tactics, and openings to bring your game to the next level.

Chess AM (morning)

All levels welcome to play together and learn new strategies while playing Chess.

Cooking with Rabia - International Foods

We will be making snack and dinner foods from these countries: Morocco, Ireland, Austria, Mexico, Pakistan, Italy, India, and Greece

Games/Legos

Want to play board games, card games, Legos? We got it all! These are fun activities to do with your classmates or new friends. We’ll even play outside games. Join us for an awesome class.

Geography - Rivers & Where They Flow

You will learn about some of the major rivers of the world, the landscape they flow through, and their importance to the culture of the countries.

Get on Stage!“Get on Stage” is all about stage presence. We will learn how to become better actors and speakers through fun, exciting theatre games. Come learn how to think creatively, act on the spot, and conquer stage fright. This class will be especially helpful for anyone interested in the school play or participating in the annual Oral Language Faire.

Guitar

Guitar is a universal instrument that everyone can play with just some practice! We all have music within us. Learn songs, learn new scales, just come and have some fun with guitar! Remember to bring your own guitar.

Harmonica

Harmonica is a great instrument for anyone, big or small! Come learn about how a little instrument can make a big difference for you. Learn some classic songs and how a harmonica really rocks! Harmonicas are not provided so bring your own harmonica!

Magic: The Gathering card game

All levels are welcome to come play *Magic: The Gathering* card game. Each game represents a battle between wizards known as "planeswalkers", who employ spells, artifacts, and creatures depicted on individual *Magic* cards to defeat their opponents. You can learn how to play and then have an opportunity to play with others. Students who know how to play will play with peers and learn more in this classroom environment. In *Magic's* 20+ years, it has added over 12,000 different cards in eleven languages and is played by over 12 million people across the globe.

- Beginners: Learn to play *Magic: The Gathering* card game
- Advanced: Learn more about the game and spend time playing, 60 card deck required, must already know how to play

Class is 2:15-3:45 - class will run until 3:45 but if you have to leave at 3 you'll just miss out on some extra game time

Soap Making

This class is offered once a year in the fall, so this is your chance to take this hands on class. Come learn techniques for "melt and pour" soap making. You will take home two soaps each week that you make yourself.

Ukulele

Come learn about and play new, exciting instruments! Music is a great way to express your creativity. Are you looking to expand your own knowledge of ukulele? Learn new songs? Join us for an awesome class and remember to bring your own ukulele.

Up-Cycled Crafts

Ever wonder what to do with all those old paper towel tubes and cereal boxes? This exciting new class will teach students the 3R's while repurposing everyday household recycling into beautiful works of art. Each of the eight weeks will focus on a new theme and material and result in a finished treasure for students to bring home. Materials, will be safe, non-toxic, and age appropriate.

When Life Gives You Lemons, Make Lemonade

We will be making drinks, desserts and other items that are made with lemons.
